

REMARKS

The Examiner restricted examination of claims 1-32 in this application. Specifically, the Examiner asserted that the application contains claims that are directed to the following patentably distinct species of the claimed invention.

Embodiment 1: claims 1-13.

Embodiment 2: claims 14-32.

Although Applicants do not necessarily agree with the Examiner's reasons for restriction, Applicants elect to prosecute claims 14-32 of Embodiment 2. Therefore, Applicants cancel claims 1-13 without prejudice for possible inclusion in a divisional application. Reconsideration of the present application as amended is respectfully requested.

If the Examiner believes that a telephonic interview will help speed this application toward issuance, the Examiner is invited to contact the undersigned at the telephone number listed below.

Respectfully submitted,
